PEG Africa is a young company which aims to bring off-grid solar energy access to rural and peri-urban communities in West Africa by providing pay-as-you-go (PAYG) solar home systems to rural and remote customers. The company has started its activities in Ghana. The model of the company is based on the combination of technical, distribution, and financial innovations:

PEG Africa is the largest off-grid solar company in Ghana, as well as a driving force for pay-as-you-go (PAYG) solar energy in West Africa, distributing solar home systems to the country's most remote areas, including those without roads or running water.
