

NetOn Power offers comprehensive distributed renewable energy solutions for industrial companies, reducing their energy costs without initial financial investment from them, through on-site power purchase agreements (PPAs).

NetOn Power, la piattaforma di autoconsumo industriale per l'Europa di 547 Energy e Quantum Energy Partners, entrerà nel mercato italiano, dopo il successo in Spagna. Alla guida ci sarà Rosario Bisbiglia, un dirigente del settore energetico con oltre 20 anni di esperienza nel settore dell'energia.

Power sector overview. As of 2021, Tanzania had an installed generation capacity of 1,608 MW. Of the total installed capacity, 60 per cent or 893 MW was based on natural gas, 39 per cent or 628 MW was hydro-based, and the remaining 1 per cent or 11 MW was based on renewable energy.

NetOn Power is backed by 547 Energy, a global platform specialising in renewable energy and the green economy, powered by Quantum Energy Partners. Global investor that sponsors innovative companies and project development platforms associated with the renewable energy, energy efficiency, grid resilience and digitalisation of the energy sector.

At NetOn Power we offer integrated energy self-consumption solutions to industrial companies, based on a local PPA. The customer does not have to incur any investment, having access to substantial savings in its electricity bill and obtaining a stable electricity price guaranteed over the long term (typically between 10 and 20 years).

NetOn Power specializes in developing on-site photovoltaic plants and ground-mounted solar installations, as well as offering distributed generation, energy communities, and storage solutions to enhance energy autonomy and savings. It was founded in 2021 and is based in Madrid, Spain.

NetOn Power es una plataforma creada por los fondos de capital privado Quantum y 547 Energy, junto con un equipo de directivos del sector eléctrico, para impulsar el desarrollo del...

Client(s) NetOn Power Holdings, S.L.U. Jones Day provided legal advice to NetOn Power in connection with the financing of a loan for the construction, start-up, and operation of ten self-consumption photovoltaic plants. Contacts. Fernando Lillo. Of Counsel. Madrid + 34.91.520.3989. flillo@jonesday . Practice: Financial Markets.

En NetOn Power ofrecemos soluciones de autoconsumo a empresas industriales basadas en un PPA local. De esta manera, el cliente no tiene que incurrir en ninguna inversión, obteniendo unos ahorros sustanciales en su factura eléctrica y un precio estable en la electricidad garantizado en un largo plazo (normalmente

entre 10 y 20 años).

Several renewable energy resources, such as geothermal, solar, wind, biomass, and mini-hydropower, are extensive in Tanzania. The nation's energy market is dominated by the state-owned organization called Tanzania Electricity Supply Company Limited (TANESCO), which does generation and transmission/distribution throughout the country.
