

INTRODUCING THE FUTURE OF POWER BACKUP Our Solar MPPT UPS with Retrofit Lithium Battery Experience the pinnacle of power reliability and efficiency with our cutting-edge Solar MPPT UPS equipped with retrofit lithium battery technology. Designed to cater to a wide range of applications, from residential homes to commercial establishments and industrial facilities, our ...

Su-vastika, a pioneer in green energy solutions, is thrilled to announce its participation in the NIGERIA ENERGY Exhibition from October 15th to 17th, 2024. Visit us at Landmark Centre, Lagos, Nigeria, Hall No 4, Stand A-39 to explore our latest innovations in renewable energy technology.. Discover Su-vastika's cutting-edge products, including:

Here's what makes Su-vastika's Retrofit Lithium Battery special: **Universal Compatibility:** Works flawlessly with any 12V, 24V, or 48V inverter or UPS, regardless of brand, model, or existing battery configuration (single, double, or four tubular batteries). **Capacity:** The Lithium-ion battery for Inverter comes in C1 capacity and Lead Acid battery comes in C20 ...

Here are some of the benefits of using a pure sine wave inverter/UPS with ATC: Better performance for sensitive electronics. Pure sine wave output is more desirable for sensitive electronics like computers, TVs, and appliances.

Swiggy announced in 2021 that it would replace diesel generators with lithium-ion batteries at its cloud kitchens across India. The company said the move was part of its efforts to reduce its environmental impact.

What's a short circuit in the battery Inverter/UPS? A short circuit condition in an Uninterrupted Power Supply (UPS)/Inverter is a fault that occurs when two conductors that are not supposed to be connected come into contact.

In several developing nations, power outages are commonplace, whether in residential or business sectors. Su-vastika, one of India's most promising power storage and power start-up companies, is leading the charge and transforming the power backup storage sector in the country. But, in a country like India, where power outages and power cuts occur ...

Go Solar with the Su-vastika 15KVA 3 Phase Lithium Inverter. Features: **Unmatched Reliability:** Pure sinewave technology ensures clean and stable power output, even better than grid power in some cases. **Long Backup:** The 19.2kWh lithium battery provides ample power to run appliances like elevators and air

conditioners during outages. Seamless ...

Here are some of the leading Indian manufacturers of Energy Storage Systems in India: Su-vastika: This startup company is mentored by Mr. Kunwer Sachdev, the founder of Su-kam and known as the Inverter Man of India is making Energy Storage Systems indigenously and installing these systems at a breakneck pace. Su-vastika has already installed ESS ...

Lately, the incidence of fires due to tubular lead acid batteries has been on the rise in India. According to a report published on Zee News, sometimes batteries are in such bad condition that they can even cause explosions or fire. It is no wonder that both families and factories have been looking for a [...]

:D Kunwer Sachdev: From "Inverter Man" to Solar Pioneer Kunwer Sachdev, known as the "Inverter Man of India", is an entrepreneur who revolutionized the power backup industry. He founded Su-Kam Power Systems, a leading Indian brand, but faced challenges that led him to mentor Su-vastika, a new venture focused on solar and power storage solutions.

Nigeria Energy 2023 was an annual event held from September 19-21, 2023, at the Landmark Centre in Lagos, Nigeria. It was the 10th edition of this even which has become a key meeting point for stakeholders in Nigeria's energy sector. The event brought together key stakeholders and government representatives with visionary professionals to find solutions for Nigeria's ...

Su-vastika, a pioneer in green energy solutions, is thrilled to announce its participation in the NIGERIA ENERGY Exhibition from October 15th to 17th, 2024. Visit us at ...

Battery Compatibility: Check compatibility: Ensure the inverter is compatible with Lithium Battery based or one should buy Lithium Battery as a backup as the Lithium battery is wall mountable and life is proven concept. The pollution created by the Tubular Lead Acid battery **Battery backup time:** The inverter's capacity and while buying check the C rating of the battery ...

ISO 9001 Certificate of Su-vastika is ISO 9001: 2015, which is an international standard for Quality Management Systems (QMS) that outlines a framework for improving quality and a vocabulary of understanding for any organisation that wants to provide products and services that consistently meet the needs and expectations of customers and other relevant interested ...
