

Who is Northvolt AB?

Northvolt AB is a Swedish battery developer and manufacturer, specialising in lithium-ion technology for electric vehicles. Founded in 2015 by two former Tesla executives, it commissioned its first manufacturing plant in Skellefteå, Sweden in 2021 and has announced plans for five others in Europe and North America.

What happened to Northvolt AB?

Swedish battery cell maker Northvolt AB, which produces battery cells for electric vehicles (EVs), has announced that it has filed for Chapter 11 bankruptcy in the US. This is being seen as a significant hit to the European domestic electric vehicle industry, as the company was the most developed battery manufacturer on the continent.

Is Northvolt AB a good battery manufacturer?

This is being seen as a significant hit to the European domestic electric vehicle industry, as the company was the most developed battery manufacturer on the continent. Northvolt AB produces lithium-ion, lithium-metal and sodium-ion cells for e-mobility and energy storage, amongst other purposes.

Where is Northvolt located?

The headquarters of Northvolt are in Stockholm. Its center for research and development is situated in Västerås, Sweden. Northvolt Ett (Swedish: "one") is a gigafactory located in Skellefteå, northern Sweden, with a goal output of 60 GWh.

Is Northvolt a hole in the EU's electric vehicle ambitions?

The collapse of Swedish battery maker Northvolt AB has left a hole in the EU's ambitions for electric vehicle success - but also a potential three-hundred-million-euro hole in its budget. The company filed for bankruptcy protection under the US Chapter 11 procedure last week, as it only had about \$30 million (EUR28.81m) in cash remaining.

Why did Northvolt file for bankruptcy?

Nov 21 (Reuters) - Northvolt, the Swedish maker of battery cells for electric vehicles, said on Thursday it has filed for Chapter 11 bankruptcy protection in the U.S., dealing a blow to Europe's hopes that its most developed battery player would reduce Western car makers' reliance on Chinese rivals.
