

Who is Eaton power management?

Eaton is a diversified power management company with more than 100 years of experience providing energy-efficient solutions that help our customers effectively manage electrical, hydraulic and mechanical power.

Will Eaton's acquisition of Cooper be a synergy?

SYNERGIES Eaton believes the acquisition of Cooper will provide the potential for meaningful synergies over time and that there is a significant opportunity to realize expected pre-tax operating synergies of \$375 million and global cash management and resultant tax benefits of \$160 million annually by 2016.

How does new Eaton acquire Cooper?

The acquisition of Cooper by New Eaton will be effected by means of a "scheme of arrangement" under Irish law pursuant to which New Eaton will acquire all of the outstanding shares of Cooper from Cooper Shareholders for cash and shares (the "Acquisition").

Who is Cooper electrical?

Founded in 1833, Cooper is a leading supplier of electrical equipment with a wide range of electrical products including electrical protection, power transmission and distribution, lighting and wiring components. This suite of electrical products enhances customer energy efficiency and safety across a number of end markets globally.

Is this agreement enforceable against Eaton & Cooper?

This Agreement has been duly and validly executed and delivered by Eaton and each Eaton Merger Party and, assuming this Agreement constitutes the valid and binding agreement of Cooper, constitutes the valid and binding agreement of Eaton and each Eaton Merger Party, enforceable against Eaton and each Eaton Merger Party in accordance with its terms.

Who is new Eaton & Cooper?

The Board of Eaton and the Board of Cooper are pleased to announce that they have reached agreement on the terms of a recommended acquisition for cash and shares of the entire issued and to be issued share capital of Cooper by a new holding company, New Eaton, by means of a scheme of arrangement under Section 201 of the Irish Companies Act 1963.
