Norway havenenergy com

Our mission We believe electricity should be cheaper, cleaner and way more reliable. Enter solar and battery systems. They"re brilliant. Imagine being able to generate your own electricity, store it in a battery, and use it on demand.

LOS ANGELES, January 30, 2024--Haven Energy, a climate tech company that is accelerating the adoption of home battery systems, today announced a total of $7 million in Series A funding. The round ...

With a solar + battery system, you can lower your electric bill by 90-95%. During the daytime, you can power your home with solar energy and store any surplus to use when time-of-use rates ...

Now, nine months later, the company is back with more news: a $7 million Series A and a new emphasis on building a platform for installers, TechCrunch+ has exclusively learned.

With a solar + battery system, you can lower your electric bill by 90-95%. During the daytime, you can power your home with solar energy and store any surplus to use when time-of-use rates are high, or whenever there"s no sun.

We will continue to develop a portfolio of energy assets through investments in infrastructure for natural gas and the energy transition, in Norway and beyond. With the steady long term cash ...
