Panel solar 400 watts Samoa

The 400-watt solar panel kit features four 100-watt polycrystalline cell type panels with an actual power output of 12 volts and 24 volts. Its solar charge controller comes with adjustable settings and a multi-function display system for easy usability. This item is compatible with lithium, AGM, lead-acid, and gel batteries. ...

I personally feel that 4-100 watt solar panels is a joke. They now make much higher output ones. I recently saw ones for sale that were 360 watts per panel. Not sure if they would work.on a RV but I know the new designed ones gets a lot more wattage from the same surface area. We are looking at after market installers.
