

Papua New Guinea sineng electric co ltd

Who is Sineng electric?

Sineng Electric is a global leader in power electronics, specializing in the development and production of advanced photovoltaic (PV) inverters, energy storage inverters, and power quality control products.

Where is Sineng electric located?

To foster technological advancements, Sineng Electric has established four R&D centers located in Shenzhen, Wuxi, Suzhou, and Chengdu, China, along with three manufacturing facilities in Wuxi and Wuzhong, China, and Bangalore, India.

Why should you choose Sineng electric?

Sineng Electric provides a comprehensive product portfolio ranging from 3kW to 8.8MW, applicable to residential, C&I, and utility-scale PV projects. The all-scenario solutions, featuring superior efficiency, exceptional reliability and top-notch safety, lead to optimal LCOE and ensure profitability for stakeholders.

What types of energy storage products does Sineng offer?

Leveraging technological innovation and extensive expertise, Sineng delivers a wide range of energy storage products, including hybrid inverter, battery and power conversion system. With an array of products, Sineng's offerings can adapt to residential behind-the-meter, commercial behind-the-meter and front-of-the-meter applications.

Where does Sineng rank in the global PV inverter market?

As the market leader in the industry, Sineng ranks in BloombergNEF Tier 1 PV inverter maker list in 2023, as well as Top 8 in the global PV inverter market share.

Why is Sineng electric a Tier 1 PV inverter manufacturer?

Qiang Wu, Chairman of Sineng Electric, declared, "Being acknowledged as a Tier 1 PV inverter manufacturer fills us with enthusiasm. It elevates our reputation and influence on a global scale. As a trustworthy trailblazer dedicated to promoting environmental awareness and ecological consciousness, we look forward to bringing about positive changes."
