Are Vikram Solar panels a good choice?

Their models range from budget-friendly 340W panels to high-performance 715W modules. Efficiency generally floats from 20.2% to 23%, competing with that of top brands. The high performance and efficiency make Vikram Solar modules a great option for both residential and commercial solar systems.

Who makes Vikram Solar panels?

Vikram, founded in 2006, is a solar panel manufacturer based in Kolkata. On this page, you can find a complete list of solar panels from Vikram and compare models side-by-side. Quick facts about Vikram solar panels in the EnergySage Buyer's Guide: ... Are Vikram solar panels best for you? How to choose the right solar panels for your needs

Who is Vikram Solar?

Harness the sun's reliable energy with Vikram Solar, one of India's top solar panel manufacturers and power companies. Explore our high-quality panels for a greener and dependable future in India.

Where is Vikram Solar located?

We have a cumulative annual rated production capacity of 3.5 GW across our factories located at Falta SEZ, Kolkata, West Bengal and at Oragadam in Chennai, Tamil Nadu. The company is India's 1st entrant in the PVEL Module Reliability Scorecard in 2017 and is a 5 times Top Performer. vikramsolar.com Who is the CEO of Vikram Solar?

What can Vikram Solar surprise you with?

Let's explore what Vikram Solar can surprise us with. Made with 144 half-cut cells, Somera offers power outputs between 435W and 465W, perfect for smaller rooftop installations. While not the powerhouse of the market, its efficiency of almost 21% ensures you get the most out of each ray of sunshine.

How can Vikram Solar contribute to achieving Aatmanirbhar & energy-rich India?

Creating climate for change through thought leadership and raising awareness towards solar industry, aiding in realisation of Aatmanirbhar and energy-rich India. We at Vikram Solar are focused towards contributing to national and global solar transition targets.

Vikram Solar has lately filed its DRHP with the SEBI to elevate and raise INR1,500 crore through an Initial Public Offering (IPO). ... (BNEF) in 2014, which underscores its recognition for delivering reliable and awesome high-quality solar products. How Vikram Solar position itself in Competitive landscape.

And you get a highly efficient solar panel. Strength of Vikram Solar Panels. Vikram solar panels are capable of withstanding high wind pressure and snow weight on their surface. It offers 2400 Pascals wind load rating and 5400 Pascals as a snow load rating. Warranties by Vikram Solar. Long warranties give you peace of mind.
