

Can solar energy replace fossil fuels on Pitcairn Island?

Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy. The goal is to replace 95% of the current diesel consumption on Pitcairn Island (75,000 liters per year) with a combination of energy saving and solar electricity through the installation of a hybrid photovoltaic solar energy system.

Who is Mithra energy?

Mithra Energy is a developer of solar and wind power plants based in Warsaw, Poland. Mithra offers power solutions and services to harvest free energy from the wind and the sun. Our solutions and services cover the entire lifecycle of photovoltaic and wind power systems.

Are the Pitcairn Islands Green?

Pitcairn Islands, a group of five islands with a total area of 47 km² and which constitute one of the most remote archipelagos in the world, turn to safer, greener energies that best meet the needs of the population. Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy.

What does Mithra do?

Mithra offers power solutions and services to harvest free energy from the wind and the sun. Our solutions and services cover the entire lifecycle of photovoltaic and wind power systems. We have a proven track record and more than 10 years of international experience in renewable energy project development, as well as building and commissioning.

Where is Pitcairn located?

It comprises the islands of Pitcairn, Henderson, Ducie and Oeno. Pitcairn, the only inhabited island, is a small volcanic outcrop situated in the South Pacific at latitude 25.04 south and longitude 130.06 west. It is roughly 2170 km (1350 miles) east south-east of Tahiti and just over 6600 km (4100 miles) from Panama.

Who are the people of Pitcairn Island?

With a population of only around fifty, the people of Pitcairn are descended from the mutineers of HMAV Bounty and their Tahitian companions. Pitcairn Island is approximately 3.2 km (2 miles) long and 1.6 km (1 mile) wide with the capital Adamstown located above Bounty Bay and accessed by the aptly named road, "The Hill of Difficulty".
