Who is PSW Power & Automation?

PSW Power & Automation delivers complete solutions within electrification and renewable energy. The company specializes in the design and integration of ESS and electrical power systems, electrical infrastructure, energy storage and energy control. While onshore power supply (OPS) has been around for some time, its availability is still limited.

What is PSW Power & Automation & Uddevalla Energi doing?

Through this collaboration, PSW Power & Automation and Uddevalla Energi are not only addressing the immediate needs of the local power grid but are also contributing to the broader goal of a greener, more sustainable energy landscape in Sweden.

Does PSW power & automation have a green financing facility?

PSW Power & Automation AS has secured a green financing facility of NOK 32 million to fund energy storage solutions with DNB according to Sustainable Product Framework (dnb.no). The facility is planned to convert to a 5-year term loan upon delivery of the systems to end customers.

Does PSW Power & Automation decarbonise construction?

PSW Power & Automation's mobile DC fast chargers decarbonise construction. PSW Power & Automation delivers mobile DC fast chargers for heavy machinery, helping to decarbonise the construction industry.

We deliver complete solutions in electrification and renewable energy. The company specializes in the design and integration of electrical power systems, electrical infrastructure, energy ...

With its data insight, the EMS fulfills the operational requirements and primary objectives of the designed energy system, enabling limited or prioritized power transfer to EV-charging units, ...

PSW Power & Automation (PSW) delivers the BQ-G modular battery pack for use in energy storage systems. Suitable for large-scale energy storage, the solution stores excess energy generated by renewable sources ...
