What is Puerto Rico's battery energy storage system?

The Puerto Rico Electric Power Authority's battery energy storage system is a 20,000kW energy storage project located in Puerto Rico. It was announced in 2018 and will be commissioned in 2020. The Puerto Rico Electric Power Authority owns the system (100%).

Where can I buy a battery in Puerto Rico?

Batteries Plus Bulbs in Puerto Rico is where you can buy a battery with the area's best selection of specialty batteries. Our staff can advise you on the best products to fit your needs. Plus, our technicians fix iPhone damage, repair busted tablets & smartphones and install batteries in most cars and trucks.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Why did Puerto Rico get a power outage?

The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a powerful Category 4 storm in 2017, razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.
