

Puerto Rico bess meaning

Will a PPA add Bess in Puerto Rico?

Under ASAP, IPPs with existing PPAs with Puerto Rico's Power Authority (PREPA) would add BESS at their locations "on an accelerated basis," leading to an estimated 380 MW of additional contracted BESS capacity by 2026. 3 Peru has no existing BESS regulation and is currently evaluating how to move forward with battery storage projects.

What is the future of Bess in Latin America?

To provide a view of what is to come, AMI breaks down the status and opportunities of BESS in main Latin American markets. Chile passed an energy storage and electromobility bill in late 2022, making stand-alone storage projects profitable for operators.

Does Peru have a Bess regulation?

Peru has no existing BESS regulation and is currently evaluating how to move forward with battery storage projects. In fact, in January 2024, Peru's energy and mining investment regulator, Osinergmin, opened a request for a proposal for a study on energy storage.
