Pure Renewables was founded in 2007 from a passion and determination to invest in our energy future. Originally specialising in solar thermal energy systems, the business has continued to expand and now offers a range of renewable energy solutions, from heat pumps, mechanical ventilation heat recovery and underfloor heating through to residential solar panels (solar PV).

Established in 2018, Pure Energy Consulting is dedicated to supporting solar companies, contractors, and end users in developing top-quality, regulatory-compliant solar solutions. ... Together, we build quality, regulatory-compliant solar solutions that advance renewable energy. Take the First Step Toward Solar Excellence!

Whether your looking for a commercial solar panel solution, or an industrial heat pump installation, Pure Renewables offer renewable energy solutions for small commercial properties through to large scale industrial processes. Our products are professional and value for money and our commercial renewable energy solutions are trusted and creatively designed.

Disclaimer. Affiliation: PureEnergy Solutions is an independent entity and is not affiliated with any utility companies or government agencies. Our mission is to provide high-quality energy efficiency solutions and to educate our customers on potential savings opportunities through available rebates and tax credits.
