

Kahramaa Solar Park is a ground-mounted solar project which is spread over an area of 100,000 square meters. The project supplies enough clean energy to power 66,000 households. Development status The project got commissioned in 2016. Contractors involved Qatar Solar Technologies was selected as the supplier of PV modules for the project.

By Dr Khalid Klefeekh Al Hajri, Chairman and CEO of Qatar Solar Technologies | Tuesday, June 11th, 2013; Facebook. Twitter. LinkedIn. Solar panels built by QSTec. Qatar's climate makes it well-suited to the implementation of solar ...

Qatar Solar Technologies - (QSTec) | 17.031 Follower:innen auf LinkedIn. Enabling solar power | Qatar Solar Technologies (QSTec) is a multi-award winning polysilicon manufacturing company. Our polysilicon is at the forefront of industry excellence in terms of cost, quality, and efficiency, and is exported from our strategic location in Qatar to our customers across the world.

Our CEO, Ibrahim J. Al Kuwari, held a special afternoon tea with our Tornado Tower team to celebrate Qatar's fantastic Asian Cup win. What an amazing performance by the Qatar Football Team.... Our CEO, Ibrahim J. Al...

The solar power plant was developed in the Al-Kharsaah area on a 10km² of land, located 80km west of Doha, Qatar. The plant uses 1.8 million bifacial solar modules with trackers, which benefit from the high level of ...

Qatar Solar Technologies (QSTec) is a leading renewable energy company based in Qatar. The company specializes in developing solar projects in various sectors, including utility-scale solar power plants, rooftop solar systems, and solar-powered desalination plants. QSTec is committed to promoting sustainable energy solutions and reducing the ...
