

Hi RAK Staff, Meshtastic user here. Been using your WisBlock kits since they were first supported. So much better than other manufacturers. I've also used all the enclosures at some point in time. I have a few of the 100mm Unify enclosures and they are doing ok, just take a few days to come back up to full power after a few days of rain or clouds. They are just a little ...

Low Cost Harbor Breeze Solar Light RAK Enclosure Hack The Harbor Breeze Solar LED light can be purchased for about \$15 and includes a capable solar panel, lithium ion cell and charge controller in a waterproof enclosure. The ...

Adapter mount to install RAK Wireless 19003 mini baseboard to enclosure with 5mm grid hole pattern. Also includes adapter for 2000mah flat pack battery and Waveshare solar controller (D version). The onboard solar charging on the RAK boards is functional, but the Waveshare solar controller uses better MPPT, shows battery status at a glance, and overall a nice controller for ...

The Unify Enclosures are modular IP67 rated outdoor enclosures that include tailored features to support WisBlock Base Boards and WisBlock Modules, but are highly adaptable to any application with spacious internals and ...

I have a RAK WisBlock Meshtastic starter kit with the unity solar enclosure. The problem I have is that when it gets dark the device stops broadcasting although I can still connect via Bluetooth. It's as though it's going into standby when the solar panel stops generating electricity even though the battery is at 90%.

The Unify enclosure with solar and antenna plate is an IP65-rated modular outdoor enclosure designed specifically for WisBlock base boards and modules. It offers spacious interiors and versatile mounting options to adapt to different applications. The enclosure has an integrated solar panel in the lid that can be connected to the WisBlock base boards via a suitable cable. This ...
