

RAYVOLT nutzt nur die besten auf dem Markt erhältlichen Batterien. Deshalb haben wir uns mit Samsung und Panasonic zusammengetan, den hochwertigsten Partnern in diesem Bereich. Die Kapazität der Batterie ist auch von der Menge der genutzten Zellen abhängig. RAYVOLT nutzt 13 Zellen in Reihe montiert, um eine Nennspannung von 48V zu garantieren.

In the unlikely event there's an issue with your solar panel system, it's important to know who to call. Multiple warranties come with your solar panel system, including manufacturer warranties for the various equipment and your installer's workmanship warranty.. The workmanship warranty covers all the labor your installer performs.
