

Where is Res Montenegro planning a solar project?

A section would be placed in the cadastral municipality of Lastva, which RES Montenegro Group is also eyeing for its own project. Sunrise Europe, based in the seaside town of Kotor, intends to set up a solar park with a peak capacity of 220 MW in Savnik while the company Obnovljivi izvori energije is preparing to build a 225 MW facility in Cetinje.

Who is Resun solar?

Founded in 2005 with a production capacity of 1GW, Resun Solar has extensive experience in medium and large-scale ground MW-level projects and also small, individual rooftop systems. The company has over 15 years of experience as a qualified solar home system supplier for the World Bank's solar projects.

What is the largest solar power plant in Montenegro?

The project launched by the firm based in Podgorica is therefore the largest in Montenegro in the sector and also one of the biggest ones in the Balkans. The peak or nameplate capacity of a solar power plant is the maximum production in terms of direct current and it is usually 20% or so bigger than the grid connection capacity.

Who is Resun solar insured by?

Additionally, they are insured by the American CHUBB Insurance Group. Founded in 2005 with a production capacity of 1GW, Resun Solar has extensive experience in medium and large-scale ground MW-level projects and also small, individual rooftop systems.

Did Montenegro lower the value-added tax for solar panels?

Montenegro recently lowered the value-added tax for solar panels. EPCG has a program called Solari for rooftop solar panels for households and companies. RES Montenegro Group got the urban planning and technical requirements for a photovoltaic system with a connection capacity of up to 506 MW.

Who is Res Montenegro?

RES Montenegro Group received the urban planning and technical requirements for a photovoltaic facility with a connection capacity of up to 506 MW. The project in Cetinje is the biggest in Montenegro and one of the largest ones in Southeastern Europe. The company Montenegro Investment and Holdings achieved the same milestone for a 12.5 MW facility.
