

Rpi solar power Puerto Rico

Does Puerto Rico have a solar program?

To further assist Puerto Rico's energy resilience and clean energy goals, DOE today announced that on February 22, 2024, residents can apply for DOE's Programa Acceso Solar (Solar Access Program) -- a program designed to connect up to 30,000 low-income households with residential rooftop solar and battery storage systems with zero upfront costs.

What is the Puerto Rico energy resilience fund (PR-ERF)?

SAN JUAN, PUERTO RICO-- The U.S. Department of Energy (DOE) today announced up to \$453.5 million from the Puerto Rico Energy Resilience Fund (PR-ERF) aimed at increasing residential rooftop solar PV and battery storage installations across the region, with a focus to reach and support Puerto Rico's most vulnerable residents.

Will a future powered by renewables make Puerto Rico more energy efficient?

"A future powered by renewables will offer the residents of Puerto Rico more energy security and more reliability--all while leaving households with cheaper bills to pay," said U.S. Secretary of Energy Jennifer M. Granholm.

Why is Puerto Rico funding solar & battery storage?

Funding is Part of a \$1 Billion Effort to Deploy Solar and Battery Storage to Puerto Rico's Most Vulnerable Residents, Helping Increase Resilience and Lower Energy Bills for up to 40,000 Households

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

How do low-income families get solar in Puerto Rico?

Today, low-income families across Puerto Rico can go to energy.gov/solarPR to check their eligibility, prepare required documentation, and identify their local Solar Ambassador. Solar Ambassadors consist of 16 local organizations selected by DOE to conduct outreach in targeted communities and to process applications to the Programa Acceso Solar.

4 · In addition, Puerto Rico's Electric Power Authority is still struggling to restructure more than \$9 billion in debt -- the largest of any public agency on the island -- nearly a decade ...

As part of its commitment to support Puerto Rico's energy resilience and renewable energy goals, DOE is launching the Programa Acceso Solar as part of the Puerto Rico Energy Resilience Fund to connect up to 30,000 low-income households across Puerto Rico with subsidized residential solar panels and battery storage
