Why have solar panels been installed in St Martin's Parish Hall?

St Martin's Parish Hall and its adjoining outside toilet block have had solar panels installed as part of a push to move away from using electricity from the grid, officials said. The installation formed part of ongoing refurbishment projects across the parish and was the first of its kind on the island, they added.

Will St Martin be the first parish to commit to solar power?

In a joint statement, they said: "We felt it was our responsibility to reduce our carbon footprint and this is a great day for St Martin to be the first parish to commit to solar power and to do our little bit for the environment." It comes as works are ongoing to refurbish the hall, meeting room, library and offices.

How to buy a solar system on Sint Maarten?

Many banks already offer so-called "green loans", financing the purchase of your solar system on Sint Maarten for a monthly installment that may be even lower than the monthly price you pay for electricity now. Even do the calculation below is as up to date as possible, it is still an indication.

Why did St Martin get a new tax meter?

The installation formed part of ongoing refurbishment projects across the parish and was the first of its kind on the island, they added. St Martin constables said the change would also work towards "reducing rates" for taxpayers.

How much does electricity cost on Sint Maarten?

On Sint Maarten, the costs per KWh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Sint Maarten, please have a look at your electricity bills and calculate the average amount of KWh you use and the money you spend on electricity per year.
