

Singapore horvation energy group

Why is SP Group based in Ho Chi Minh city?

With the transition to renewable energy and a drive towards energy efficiency in Vietnam, SP Group is building on these developments to export and acquire expertise and assets in Vietnam. We set up an office in Ho Chi Minh City in 2020 to pursue sustainable energy solutions projects.

How can SP Group support the energy transition?

Mr Stanley Huang, Group CEO, SP Group, said, "In supporting the energy transition, we are keen to leverage our electricity substations and roof space to contribute clean energy for Singapore.

Who is Singapore Power Group?

Singapore Power Group, doing business as SP Group is a state-owned electricity and gas distribution company in Singapore. SP Group is the corporatised entity of the former electricity and gas departments of the Public Utilities Board (PUB).

What does SP Group do?

Designing, building and operating the world's largest underground district cooling system; operating Singapore's national power grid; incorporating solar solutions for our customers - it's all in a day's work for us at SP Group.

Why is SP Group launching a new growth engine?

With China leading sustainable development on the global stage, this presents a new growth engine for SP Group to deploy district cooling, heating and integrated energy solutions.

Who owns Singapore Power Building?

The Singapore Power Building was renovated in 2006, when Singapore Power chose not to redevelop its corporate headquarters. Instead, it opted to refurbish and reclad the building in silvery metal. Since 1995, SP Group has been wholly owned by Singapore investment fund Temasek, which in turn is wholly owned by the Singapore government.
