The announcement came following the visit of Benin's Minister of Energy Dona Jean-Claude Houssou to the construction site in the town of Pobè. The construction work is being carried out by French construction company Eiffage's energy branch Eiffage Énergie Systèmes.

According to the International Energy Agency (IEA, 2021) [4], although the number of people without access to electricity has decreased worldwide from 1.2 billion in 2010 to 759 million in 2019, the energy situation for many countries in Sub-Saharan Africa, and for Africa on a whole, is still critical. This is a major challenge for countries lesser developed countries, ...

In the Kalalé District of Benin, West Africa, basic health services are hard to come by. Historically, a lack of electrical infrastructure in this region has meant no power to pump clean water or refrigerate vaccines. That has now changed due to a recently completed project by the Solar Electric Light Fund (SELF), with funding from the Millennium Challenge [...]
