Across Faroe Islands. EASY Returns & Exchange.

Yes, you can charge an RV battery with a solar generator. In fact, many RVers use solar generators as an alternative power source to charge their RV batteries. By connecting your RV's battery to the solar generator through a charge controller, the solar panels will convert sunlight into DC power, which will then be stored in the battery.

That's where solar generators come in! Jackery Solar generators are a great way to slow cook food without electricity or gas. All you need is sunlight, and you're good to go! The Jackery Solar Generator 2000 ...
