

Solar hub kuching Lithuania

Why should Lithuania invest in solar energy?

To be an active partner of society, politicians and business, creating a suitable and sustainable environment for the development of solar energy in Lithuania. We unite solar energy market players to inspire, encourage and help Lithuania to use solar energy as a clean, renewable source of energy, ensuring energy independence and a secure future.

Is Lithuania a solar power producer?

Much of its solar energy strides are experimental and privatized, with a total installed capacity of 59MW. Despite its growth from 73.3 GWh in 2015 to 81GWh in 2019, Lithuania has ranked the lowest in solar electricity generation among EU producers in recent years. Amongst the available renewable sources, solar power is the least generated.

When did Longi (Kuching) start producing solar panels?

LONGi (Kuching) Sdn Bhd (LONGi Kuching) was established in January 2016 and only started producing solar wafers in April that year, followed by silicon ingots in December later the same year. In May 2017, it started producing cell modules and in December the same year it expanded its plant to what it is today.

Does Lithuania produce a lot of energy?

This is evident from its impressive fiscal run across the stretch of the pandemic period. Like the other Baltic states, Lithuania does not produce all of the energy it consumes. Annual energy reports for 2021 disclose 10.4TWh in gross energy imports from mainland Europe and neighbouring states.

How big is Kuching International Airport warehouse?

The warehouse occupies about 40,000 square metres which is almost the size of Kuching International Airport's main terminal building, said Zhong. "More than 2,200 employees have been recruited, of which 99.9 per cent are Malaysians.

Where does Longi Kuching export to?

LONGi Kuching currently exports far abroad to the US, Europe and Canada. "The rapid business growth has led to a surge in the daily operations of Kuching's seaport and increased the demand for local freight forwarding services. It has now one of the largest companies in Sama Jaya and will be a boon to the local economy.
