While there we took a photograph beside a sign and the flag of Wallis and Futuna that says, "Welcome to the Remotest Island". We were welcomed by charming locals at the Talietumu or Kolo Nui, this preserved site is located at the southern point of Wallis. It once served as an outpost for the Tongan Empire in the 17 th century.

A wet day is one with at least 0.04 inches of liquid or liquid-equivalent precipitation. The chance of wet days in Wallis and Futuna varies significantly throughout the year. The wetter season lasts 8.2 months, from September 29 to June 4, with a greater than 41% chance of a given day being a wet day. The month with the most wet days in Wallis and ...

Wallis & Futuna, located in the South Pacific, comprises two main inhabited islands and a number of smaller islets, with a population of about 11,000 individuals. The population is dispersed unevenly, with most residents living on the Wallis Island. The geographical isolation and scattered population pose challenges for technological and telecommunication infrastructure.
