

What is a people-centred energy transition in Seychelles?

An exciting people-centred energy transition is underway in Seychelles, an archipelago of 115 islands off East Africa in the Indian Ocean. Spearheaded by the Seychelles Energy Commission, the PV democratisation 2.0 project is the recipient of the Climate Investment Platform's Thomas Jensen Energy Transition Award.

How does UNDP support the Seychelles Energy Commission?

Through the Climate Investment Platform, UNDP is supporting the Seychelles Energy Commission's initiative to make the adoption of renewable energy accessible to the population that would otherwise not be able to afford to do so.

What does the Seychelles government do?

The Seychelles Government is committed to providing adequate, reliable and affordable energy to meet future energy consumption needs and to underpin strong economic growth through consumable energy initiatives. The Seychelles enjoy favourable conditions for renewable energy (RE) resources, such as wind and solar.

What is the Seychelles energy plan?

It targets an ambitious transformation and diversification of the Seychelles' currently 85 MW diesel-dominated electricity generation capacity (on Mahé, Praslin and La Digue), aiming at replacing diesel generators with domestic and international public and private financing.

How many people live in Seychelles in 2024?

As of 1 January 2024, the population of Seychelles was estimated to be 100,876 people. This is an increase of 0.71 % (716 people) compared to population of 100,160 the year before. In 2023 the natural increase was positive, as the number of births exceeded the number of deaths by 1,044. Due to external migration, the population declined by 328.

What is the SME loan in Seychelles?

Finance has been made available through a loan facility to encourage residential users to adopt the use of energy efficient devices and renewable energy. The SME Loan is a financial incentive for the commercial sector. It is an agreement between the Government of Seychelles and the Commercial Banks.
