

Solarwide Pty Ltd Norway

Who is solarwide?

SolarWide is your local Sunshine Coast based solar installation company supplying and installing long-lasting solar power systems since 2011. We are passionate about all aspects of solar and are proud to offer a wide range of residential and commercial solar power systems, hybrid battery storage options & full off-grid solar and battery systems.

Who are solarwide solar installers?

SolarWide has a fantastic team of fully qualified grid-connect solar Sunshine Coast and Brisbane installers. Our installers are highly qualified solar electricians, have installed solar for many years and are accredited with the Clean Energy Council.

Are solar wide a good company?

From quote to install, solar wide were great to deal with! Communication was regular and workmanship of tradies top notch. Our solar system hasn't skipped a beat and has saved us heaps. Chantal, thanks so much for your review, so glad to hear everything was a smooth and good experience for you!

Where can I get solar panels on the Sunshine Coast?

Solarwide are one of the leading installation companies on the Sunshine Coast. Here we are unloading our latest delivery of panels, and when we say delivery - it's a big truckload. What is an average size electricity bill before solar?

How much does solarwide cost?

SolarWide has grown immensely over the years and a large portion of this growth is thanks to referrals. There are finance options also available to make the decision to go solar even easier. Reviewers report paying: \$4,808 - \$9,865 for depending on hardware choice and installation difficulty (how is this calculated?)

Did solarwide install a new solar system?

Appreciate the feedback! Solarwide installed a new solar system for us. They removed the old system and installed a new one with a minimum of fuss. They arrived when they said they would and completed the job efficiently. Thanks Michael, appreciate that! We always do our best to make the installation process as seamless as possible.
