

Solplanet battery Equatorial Guinea

Are solplanet batteries compatible with a hybrid inverter?

The series stands fully compatible with Solplanet's line of hybrid inverters, offering a comprehensive and cohesive solution for advanced energy monitoring and control. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

How does solplanet work?

Seamlessly monitor and manage your energy system remotely through the user-friendly Solplanet mobile application, allowing you to keep a close eye on the operation and maximize the yield of your solar installation. The modular design not only ensures scalability but also simplifies maintenance and upgrades.

Does solplanet have a mobile app?

As a testament to Solplanet's commitment to user-friendly experiences, you can effortlessly monitor the battery's charge and consumption through our intuitive mobile application. Elevate your energy reliability with the Ai-LB series as it sets new standards for durability, safety, and user convenience.
