

Spacewell energy by dexma Bolivia

What is spacewell energy (DEXMA)?

Spacewell Energy (Dexma) is the Spacewell energy management tool that provides data-driven energy intelligence. Its SaaS solution enables facility and property managers, energy service providers and consultants to report on energy consumption, analyse usage patterns and inefficiencies, and detect anomalies in real-time.

What is DEXMA energy intelligence?

DEXMA provides data-driven Energy Intelligence. Its SaaS solution enables facility and property managers, energy services providers, and consultants to report on energy consumption, analyze usage patterns as well as inefficiencies, and detect anomalies in real-time.

Who is DEXMA?

Dexma is the leading provider of energy management software for commercial and industrial buildings, energy service companies, and utilities.

What is spacewell energy?

Against a backdrop of inflation and rising energy prices, Spacewell Energy offers solutions for organisations of all sizes and in all sectors to monitor and manage their energy consumption. These solutions enable businesses to make savings while adopting a more environmentally-friendly approach.

How much money did DEXMA make in 2022?

Listed on the MDAX and TecDAX since 1999, the company generated sales of EUR801 million and EBITDA of EUR257 million in 2022. Dexma, a leading company in intelligent energy management tools for buildings, announced its transformation into Spacewell Energy.

Why did spacewell change its name to DEXMA?

From today, this new name will encompass all the company's projects, both in Spain and internationally. The new name marks the completion of the integration process that began in 2020 when Spacewell, a technology company part of the Nemetschek multinational, acquired Dexma.
