What is the SSE initiative?

The SSE initiative is a UN Partnership Programme involving UNCTAD, the UN Global Compact, UNEP FI, and the PRI. Its mission is to provide a global platform for exploring how exchanges, investors, companies, regulators, and policymakers can enhance performance on environmental, social, and corporate governance (ESG) issues.

Will SSE energy solutions decarbonise a London heat network?

SSE Energy Solutions has agreed a deal with Berkeley Homes that will help to decarbonise a heat network for up to 5,000 homes in London, thought to be one of the largest retrofits of its kind in the country.

SSE's vision is to be a leading energy company in a low carbon world. To achieve this we've set four fundamental goals for 2030, putting sustainability at the heart of our strategy. These goals are not just important to SSE, they matter to everyone - that's why they're directly linked to the UN Sustainable Development Goals.
