

Sun systems Bouvet Island

Who uses SunSystems?

Impact and Outlook: SunSystems is used by over 9,000 organisations globally across 190 countries. Infor remains strongly committed to the development of the product with over 100 developers involved in working on the future of SunSystems. SunSystems.co.uk is an information hub brought to you by FinanSys, an Infor Gold Channel Partner.

Where is Bouvet Island?

Bouvet Island (/ˈbuːveɪ /BOO-vay; Norwegian: Bouvetøya [buˈvøːɐ]) is an uninhabited island and dependency of Norway. It is a protected nature reserve. It is a subantarctic volcanic island, situated in the South Atlantic Ocean at the southern end of the Mid-Atlantic Ridge, and is the world's most remote island.

What is Infor SunSystems?

Infor SunSystems is an easy-to-use, innovative financial management system powerful enough to meet finance's needs today and flexible enough to meet tomorrow's evolving challenges. This innovative finance solution provides visibility into all the moving parts of business operations, transforming financial information into profitable action.

What happened to SunSystems?

Infor Acquisition and Transformation (2006-2019): Infor announces it is acquiring Systems Union Group and pledges support for both classic and newer versions of SunSystems. Version 6 brought a web interface, while 6.2.1 enhanced analysis capabilities. Finally, version 6.4 enabled true cloud deployment and web-first development.

Who makes SunSystems software?

Development and Early Success (1980s-1990s): SunSystems is developed in the UK by Systems Union. High uptake by FTSE100 companies with offices around the world ensures SunSystems software is established as an internationally favoured solution and recognised as "perhaps the best financial system in the world".

What's going on at Infor SunSystems FY23?

The two-day event included a look ahead to FY23, with sessions about product development, product management, partner enablement, services and support. However, the dominant topic and key theme centered around the newly launched Infor SunSystems Cloud, with Gulfsands recently becoming the first customer to go live.
