Who is Supa?

Backed by IFM Investors, SUPA is a powerhouse of complementary capabilities: We are a full-service partner and have the capability and capacity to support your property design with leading technical experts.

What can Supa do for You?

SUPA specialises in new and retrofit solutions and can upgrade your building's hot water system to the next generation,including the electrification of existing hot water systems,resulting in more efficient and sustainable hot water services.

How much does electricity cost in Saint Martin?

For Sint Maarten,the equivalent rates are roughly \$0.35/kWh. Like many islands,Saint Martin is highly dependent on imported fossil fuels,leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

What is Sint Maarten's national energy policy?

renewable energy.¹⁰ The plan also emphasizes the need to raise awareness of energy conservation among individuals and businesses through communication campaigns. Sint Maarten developed a National Energy Policy (NEP) in 2014 that aims to mitigate the impact of energy use on the environment while reducing electricity tariffs.

Supa are proud supporters of Community clubs and sports teams. We empower local sports teams and clubs by transforming them into energy-generating hubs, with the potential to put millions back into communities through reduction in costs, extra income and donations.
