Duty to Install Solar Plants. At the federal level, the solar express (ie, "urgent measures for the short-term provision of a secure electricity supply throughout the winter") was enacted in autumn 2022 and includes obligations to install solar plants (photovoltaic systems or solar thermal systems) on the roofs or facades of new buildings.

Solar energy is not only Alpine; it's urban too. The Axpo solar initiative goes far beyond these Alpine solar projects, however, and includes the expansion of renewable energies in the Swiss midlands. With our subsidiary CKW, Axpo already installs more than 700 roof-mounted systems a year in Switzerland and intends to keep up this ambitious ...
