What does DPA stand for?

Pan-African data centre operator Africa Data Centres (ADC) has signed a 20-year Power Purchase Agreement with Distributed Power Africa (DPA) to supply its facilities in South Africa with renewable solar energy. Under the terms of the agreement, DPA SA will supply 12MW of renewable solar energy for Africa Data Centres facilities in South Africa.

What is DPA doing in South Africa?

Our first milestone was to optimise our roof space with solar, and this latest deal will see us utilising the recently approved wheeling mechanism within South Africa's municipalities". DPA is a pan-African renewable energy company with key operations in South Africa, Kenya and Zimbabwe whose vision is to power Africa to a brighter future.

Who is DPA & EDF?

Through the creation of a 50:50 Joint Venture between DPA and EDF in South Africa via DPA Southern Africa (Pty) Ltd, EDF intends to develop hybrid energy solutions for clients across Africa.
