

Tajikistan renewvia solaria limited

The minigrids are 60 kW, 20 kW and 27.6 kW, respectively, according to the Atlanta-based company. Before the minigrids were set up, the UN refugee settlement, the town and village had only limited access to electricity from expensive and unreliable sources like solar home systems and small diesel generators, according to Renewvia.

Renewvia Energy currently has 9 operating minigrids throughout Kenya and Nigeria with upwards of 12 additional sites under construction. Our Minigrids are providing clean, reliable energy to a growing number of communities in these areas and opening the ...
