

What is Alpiq Group's management structure?

At 31 December 2020, the Alpiq Group's management structure comprises the three operational business divisions of Generation Switzerland, Generation International and Digital & Commerce.

Who is Alpiq?

Alpiq is an independent electricity producer and energy trader. The company is active in the business fields of energy generation, trading, and services. Its customers include medium-sized companies, large enterprises and public institutions.

Who owns Alpiq?

The canton of Solothurn sold its shares in Alpiq during the reporting year. The three shareholder groups EOS Holding SA, Schweizer Kraftwerksbeteiligungs-AG and the consortium of Swiss minority shareholders each hold one-third of the Alpiq shares. Learn more about Alpiq - thanks to the Annual Report 2020.

What makes Alpiq a good company?

Alpiq is committed to transparent and responsible business management, and pursues sustainable corporate development. Transparency and fairness are ensured by effective management and controlling systems, an open information policy and ethical principles. Except where otherwise stated, all information given is at 31 December 2020.

What makes Alpiq unique?

Alpiq is a leading Swiss electricity producer and energy service provider and is active throughout Europe. We will strive to fulfil our purpose by adhering closely to the values that distinguish us. This means acting with empathy and honesty, cherishing integrity, and trusting and celebrating our diversity.

What happened to Alpiq?

This was terminated in 2020 and Alpiq refunded over CHF 50 million to Bouygues. Until 2019, Alpiq owned two coal-fired power stations in the Czech Republic until they were transferred to investor Pavel Tykac's Seven Energy Group at the end of August 2019, as Alpiq increasingly focused investments on renewable energies.
