

TotalEnergies senior vice-president for renewables Vincent Stoquart said: "We are very pleased to team up again with our strategic partner Corio, this time to develop ...

About TotalEnergies TotalEnergies is a global multi-energy company that produces and markets energies on a global scale: oil and biofuels, natural gas and green gases, renewables and electricity ...

TotalEnergies and Corio will take forward Taiwan's Formosa 3 offshore wind project; Formosa 3's Haiding 2 windfarm was awarded 600 MW in grid capacity in December by the Bureau of Energy, as part of Taiwan's Round 3 offshore wind auction.; The Formosa 3 project comprises three proposed windfarms - Haiding 1, 2 and 3 - in Changhua county on the ...

"We are very pleased to team up again with our strategic partner Corio, this time to develop offshore wind in Taiwan," said Vincent Stoquart, senior vice-president for renewables at TotalEnergies. "This marks a new step toward supporting ...

Its other giga-scale joint venture offshore wind projects in the UK include the 2 GW West of Orkney Windfarm and up to 1.5 GW from Outer Dowsing off the Lincolnshire coast. In Asia, Total's 23%-owned Yunlin offshore wind farm in Taiwan commenced first generation in late 2021. Reproduced with permission from Energy Intelligence Group

A real challenge, since by 2030, the share of renewable energy used in transport will have to reach 14% in the European Union. Scroll up Scroll down. Expanding our biofuels offering. Today, biofuels emit 50% less CO₂ than their fossil fuel equivalents, making them a decarbonization pathway for liquid fuels. Because demand is strong, this is ...

Once fully operational, the Formosa 3 project is expected to produce adequate clean energy to power nearly 1.5 to two million households in Taiwan. The partnership announcement follows the Taiwan Bureau of ...

TotalEnergies supports the objectives of tripling the amount of renewable energy and doubling energy efficiency by 2030, as well as slashing methane emissions within that time frame. These objectives are at the heart of TotalEnergies' roadmap for ...

Paris, July 30, 2024 - TotalEnergies has signed an agreement with Scatec, a Norwegian renewable energy company, to acquire 100% of its subsidiary SN Power, which holds interests in renewable hydropower projects in Africa, through a joint venture (51% SN Power) with Norfund and British International Investment (BII).

TotalEnergies is a global multi-energy company that produces and markets energies: oil and biofuels, natural gas and green gases, renewables and electricity. Our more than 100,000 employees are committed to energy that is ever more affordable, cleaner, more reliable and accessible to as many people as possible.

Late last year Taiwan's Bureau of Energy confirmed 600 MW of grid capacity for Formosa 3's Haiding 2 wind farm following the first phase of Taiwan's Round 3 auctions. The project, which comprises the Haiding 1, 2 and 3 wind farms off Changhua county on Taiwan's central-western coast of Taiwan, has an approved capacity of about 2 GW.

According to the International Energy Agency's Sustainable Development Scenario, renewable energies will represent more than 35% of the world's energy mix in 2040. To support this growth, our ambition is to achieve 100 gigawatts of gross installed renewable power generation capacity by 2030, through the development of our solar and wind ...

Download the Press Release (PDF) Paris, July 25, 2023 - TotalEnergies is pursuing its profitable growth in the renewable energy sector with today's announcement that it is buying out Total Eren's other shareholders, ...

The region accounts for 36% of its global installed renewable generation capacity. Singapore, October 23, 2023 - TotalEnergies, the Multi-Energy Partner at Singapore International Energy Week (SIEW) 2023, is
