

This Tracer 12V 50Ah Lithium-Ion Battery Module is the smallest we do in the range and offers unparalleled portability. These lightweight power solutions come with multiple output leads and a fuel gauge for maximum integration with your project.

The Tracer 12V 24Ah LiFePO4 Battery Pack with Grab Handle is the perfect choice for powering high current applications. Engineered for optimal performance with a lightweight design and integrated grab handle for effortless transportation.

The Tracer 12V 8Ah Lithium Polymer Battery Pack offers a surprising amount of power in a small package. Our customers frequently purchase this battery to power their CPAP machines while travelling abroad.

Safe & Portable 12V & 24V Power. Our LiFePO 4 Battery Pack with Grab Handle range meet the same safety standards as the tracer LiFePO 4 Battery Packs and are ideal for powering motors and where a higher output current is required. Their lightweight technology and spring-loaded grab-handle makes carrying easy. The range is available in 12V and 24V models and are all ...

The Tracer 12V 20A LiFePO4 Ultra Fast Charger with Neutrik Plug is the perfect charging solution for our Tracer 12V LiFePO4 modules or Carry Case Kits using the Neutrik socket.

The Tracer 12V 14Ah Lithium Polymer Battery Pack is our second highest capacity LiPo pack in the range, the ideal compromise on price point if you don't quite need to go up to 22Ah.

The Tracer 24V 5A LiFePO4 Fast Charger with Amphenol Plug is the perfect charging solution for our Tracer 24V LiFePO4 modules or Carry Case Kits using the Amphenol socket.

The Tracer 12V 7Ah LiFePO4 Battery Pack offers stable voltage discharge and a long lifespan in a portable package. Customers often buy this battery to power their CPAP machines while travelling abroad.

The Tracer 24V 8Ah LiFePO4 Battery Pack with Grab Handle is the perfect choice for powering 24V high current applications. Engineered for optimal performance with a lightweight design and integrated grab handle for effortless transportation.

Tracer 12V 50Ah Lithium-Ion Battery Module; Tracer 12V 100Ah Lithium-Ion Battery Module; Tracer 12V 150Ah Lithium-Ion Battery Module; Tracer 12V 50Ah Lithium-Ion Carry Case Kit

This Tracer USB Chassis Socket is a perfect addition if you need to add USB compatibility to our Tracer Li-Ion modules. Featuring 2 separate USB ports both running at 5V, one is rated at 1A and the other is rated at

## Tracerpower com Rwanda

2.1A, this socket is designed to be easily mounted to whatever case or housing you are using with your module.

As part of our commitment to supporting Tracer users worldwide, we have partnered with a network of trusted distributors across multiple regions. These distributors maintain local stock of Tracer products, ensuring quicker delivery times, localized customer service, and reduced shipping costs. No matter where you're located, our distributors are ready to assist you with ...

This Tracer 24V 20Ah LiFePO4 Battery Module is our only 24V option in the range and offers incredible portability weighing only 4.6kg. These lightweight power solutions are only 1/3 the weight of an SLA equivalent and come supplied with a fuel gauge.

This Tracer 12V 100Ah Lithium-Ion Carry Case Kit is an IP64 rated robust portable power solution. The middle choice in the range, this kit offers an excellent compromise on both price and portability and weighs only 9kg.

01 12V Charge port. 02 12V Output (Bullet). 03 LED Fuel gauge. Supplied with AC Mains charger, 12V DC charger, 12V Output connector. Flat Discharge - Brighter for longer. If you are powering lights they will remain brighter for longer, giving you sustained performance. 02 H ighlighted features: CE Approved Protected ...

We offer an extensive range of rechargeable 12V battery packs using the safest and most reliable technologies on the market. They are used and trusted by professionals world-wide and endure tough and rugged conditions daily.

Providing professionals with the safest and most dependable lithium battery technology. Established in 2007, Tracer introduced their first portable lithium battery to complement their range of sporting lamps.

The Tracer 12V 24Ah LiFePO4 Battery Pack with Grab Handle is the perfect choice for powering high current applications. Engineered for optimal performance with a lightweight design and integrated grab handle for ...

The Tracer 12V 24Ah LiFePO4 Battery Pack is the highest capacity in the range and one of our more popular products. Weighing only 2900g, these batteries are so much more portable than an SLA alternative.

This Tracer 12V 150Ah Lithium-Ion Battery Module is the highest capacity module we offer, offering an incredible 150Ah while still being a lightweight portable power solution weighing only 9kg.
