United States winsol energy

In top-mounted or front-mounted outdoor blinds, the design of the cassette is very important. So we pay a lot of attention to that. Our advisers will always propose the most suitable cassette for you. And thanks to the straight or rounded housing, there is always a SolFix outdoor blind that matches the style of your home.

Apart from offering a high level of comfort, our shutters are also energy-conscious and enhance your personal security at home. Nowadays, energy bills make up a big chunk of most people's monthly budget. Winsol roller shutters contribute to lower energy costs. Our solar shading solutions can help create a passive or even energy-neutral home.

SolarFuse is a front-mounted roller shutter with solar-powered Fusion louvres. These roller shutters are unique, thanks to the innovative combination of separate louvres and micro-perforations. These micro-perforations ensure that up to four times more daylight enters your home compared to traditional roller shutters. At the same time, the view of your garden or the ...

SunPower manufactures high quality PV panels whose technology offers a higher than average yield. Moreover, this manufacturer's warranty covers 90% of repairs for 12 years and 85% for 25 years, which ensures that the customer gets the most out of the lifetime of the panel.
