Only Colnect automatically matches collectibles you want with collectables collectors offer for sale or swap. Colnect collectors club revolutionizes your collecting experience!

Equatorial Guinea's real GDP growth has been weak in recent years, averaging -0.5% per year from 2010 to 2014, because of a declining hydrocarbon sector. Inflation remained very low in 2016, down from an average of 4% in 2014. As a middle income country, Equatorial Guinea is now ineligible for most low-income World Bank and the IMF funding.
