

Vietnam battery container box

What are the key strategic moves in the Vietnam battery market?

Key Strategic Moves, Market Share Analysis, Company Landscape, and List of Companies. The Vietnam battery market is projected to see significant growth in the coming years, driven by factors such as declining lithium-ion battery prices and increasing demand for lead-acid batteries.

Who are the leading battery companies in Vietnam?

Vision Group, PINACO, GS Battery Vietnam Co. Ltd, Leoch Battery Corporation and Heng Li (Vietnam) Battery Technology Co. Ltd are the major companies operating in the Vietnam Battery Market. This report lists the top Vietnam Battery companies based on the 2023 & 2024 market share reports.

What is a lead-acid battery used for in Vietnam?

The lead-acid battery is set to dominate the Vietnam battery market, with its primary use being in automotive applications. The low cost of these batteries makes them a preferred choice when price is a critical factor, and they are commonly used in backup supplies for mobile phone towers, hospitals, and off-grid remote storage.

How will smart cities affect the battery market in Vietnam?

The government's aim to develop major cities into smart cities, coupled with new developments in EV manufacturing plants and vehicles, is expected to increase lithium-ion battery manufacturing in the country. The battery market in Vietnam is moderately fragmented, with several key players contributing to the market's growth. 1.
