Western Sahara [a] is a disputed territory in North-western Africa has a surface area of 272,000 square kilometres (105,000 sq mi). [3] Approximately 30% of the territory (82,500 km² (31,900 sq mi)) is controlled by the Sahrawi Arab Democratic Republic (SADR); the remaining 70% is occupied [4] [5] and administered by neighboring Morocco. [6] It is the most sparsely ...

More than eight years have passed since Siemens first issued a press release regarding a contract for construction of energy infrastructure in occupied Western Sahara. The company then described the territory as "Southern Morocco". Now, it has done that again. In a press release [or download] of early September, Siemens Gamesa Renewable Energy (SGRE) announced that ...

The NGO Western Sahara Resource Watch reported that up to 80 percent of the land earmarked by Morocco for green hydrogen production lies in the Western Sahara. For the time being, the official EU position bars the EU ...

"This is a momentous victory for the people of Western Sahara. At a time when international law is under pressure, it is fundamental that the EU follows its own court and stops collaborating with the occupier through illegal trade agreements", stated Western Sahara Resource Watch. This morning, the EU Court of Justice issued a landmark ruling.

Construction on the multibillion-dollar energy project, based in Dakhla in the disputed territory, is scheduled for completion in 2029. Five global firms shortlisted in Morocco's controversial ...
