In preparation of exploration program including EMP, seismic acquisition, drilling in 2023-2025, we expect to announce new ...

In 2013, Blue Energy (ASX: BLU) secured a farm-in agreement with Wiso for the Wiso/Birrindudu Basin project. This joint venture agreement appoints Blue Energy as the operator and manager of all exploration permits (EP) and exploration permit applications (EPA) within the project, acting on behalf of the joint venture.

Wiso Energy holds 100% interest in EP 222, EPA 201 and EPA 221, which covers a total area of 16,408 km² in the southern part of Georgina Basin. This area has high potential prospectivity in not only conventional and unconventional resources, but also a probable location for natural hydrogen and helium exploration.
