Power Base series is a lithium battery system with battery management system (BMS), which is used with an external inverter. The flexible battery systems have two versions: Power Base Pro 12.5 and Power Base Pro 20, which provide optimized safety, life span and performance. They are perfect batteries for all applications.

ZRGP is proud to be Lithion Battery's exclusive OEM partner. Please contact Lithion Battery directly for North and South America. Also contact Lithion Battery for 10-20 year USA backed warranty worldwide.

Built-in large-capacity lithium iron phosphate battery pack, charge controller, lithium battery management system, seamless switch, RS485, CAN, WIFI communication full-function ...

Built-in large-capacity lithium iron phosphate battery pack, charge controller, lithium battery management system, seamless switch, RS485, CAN, WIFI communication full-function module. Small size, long life, stable and reliable performance, and energy-saving and ...
